Racially Identifiable Schools within District

If you have been notified by the Minnesota Department of Education (MDE) that your district has a racially identifiable school, please list each of those schools below. Add additional lines as needed.

1. Enter text here.
2. Enter text here.
3. Enter text here.
4. Enter text here.
5. Enter text here.
6. Enter text here.

Plans for racially identifiable schools should include the same information and follow the same format as districtwide plans. Provide that information in the [Racially Identifiable School section](#) of this document.

Partnering Districts Racially isolated districts must partner with adjoining districts on student integration strategies (Minn. R. 3535.0170). List the districts you will partner with, adding additional lines as needed. Provide the name of your integration collaborative if you have one: **YMIC**.

1. **891 Canby V** - Voluntary
2. **378 Dawson-Boyd A** - Adjoining
3. **2167 Lakeview A** - Adjoining
4. **414 Minneota A- Adjoining**
5. **2890 Renville County West Adjoining**
6. **Yellow Medicine East RI** - Racially Isolated

School Board Approval

We certify that we have approved this Achievement and Integration plan and will implement it as part of our district's World's Best Workforce plan (Minn. Stat. § 124D.861, subd. 4).

We certify that we sought and received input on integration goals and strategies from councils as described on page 2. The council(s) included representation and meaningful input from our American Indian Parent Advisory Committee as required by Minnesota Rules 3535.0160, subpart 2, and Minnesota Rules 3535.0170, subparts 2-5.

Plan Input

Minnesota School Desegregation/Integration Rule, part 3535.0170, subpart 2, requires racially isolated and adjoining districts to establish a multidistrict collaboration council to provide input on integration goals and to identify cross-district strategies to improve student integration.

Districts with racially identifiable schools are required to convene a community collaboration council to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the racially identifiable schools (Minn. R. 3535.0160, subp. 2).

American Indian Parent Advisory Committee Districts with an American Indian parent advisory committee must include representation from this committee on the councils described above (Minn. R. 3535.0160, subp. 2, and 3535.0170, subp. 3).

For stakeholder input to be meaningful, it should be based on open communication and coordination that acknowledges and considers the views of all participants. For steps to ensure that input from your council is meaningful, see the Facilitation Guide in the [Achievement and Integration Plan Guide](#), and see the [Tribal Consultation Guidance](#).

Below, list your council members and identify American Indian parent committee members. Briefly describe council members' recommendations for your district-wide plan and for your racially identifiable school plans, as applicable. You may also include meeting dates and describe the process you used to ensure meaningful input from council members.

Multidistrict Collaboration Council: Yellow Medicine East Schools – Rich Schneider, Lisa Hansen and Ryan Luft
Canby Public School – Ryan Nielsen
Dawson-Boyd Public School – Ryan Stotesbery
Lakeview Public School – Dr. Chris Fenske
Ivanhoe Public School – Dan Deitte
Minneota Public School – Dan Deitte
Renville County West – Dr. Michelle Mortensen
Minnesota River Valley Education District- Karen Jacobson
YMIC Coordinator – Robin Henderson
Minnesota West Community & Technical College – Laurel Christianson

The YMIC Council convenes in August/Sept. and Jan./Feb. each school year. The council is designed to give each school district a voice in the events and activities that are put forth in the Yellow Medicine Integration Collaborative Achievement and Integration Plan. Integration events are designed to help the students of the YMIC have greater knowledge and understanding of their choices and pathways that exist for being successful and ready for a postsecondary path as well as a career path. The council directs the YMIC Integration Coordinator who in turn works with the YMIC District's staff personnel to arrange events that are age appropriate, successfully meets the needs of the students and the goals of the collaborative.

Submitting this Plan

Submit your completed plan as a Word document to MDE for review and approval (Minn. Stat. § 124D.861, subd. 4). Once it's signed, scan the signature page and save it as a separate PDF. Email your plan and signature page to MDE.integration@state.mn.us.

Detailed directions and support for completing this plan can be found in the [Achievement and Integration Plan Guide](#).

Achievement and Integration Goals

This plan must contain three types of goals, at least one for each of the following:

1. Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.
3. Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

Goal #1: *Ivanhoe only directly serves Pre-K-6. The 7-12 is tuitioned out to Minneota*

Aligns with WBWF area: All students are ready for career and college.

Goal type: Integration

To add goals, copy the two lines directly above and paste them below the strategies supporting Goal #1.

Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below.

Districts may use Achievement and Integration revenue to pursue racial and economic integration and reduce achievement disparities between student groups through the types of strategies listed in the *Type of Strategy* drop-down menus below (Minn. Stat. § 124D.861, subd. 2).

Integration Requirement At least one of your strategies must be a student integration activity designed and implemented to bring together students from a racially isolated district with students from that district's adjoining Achievement and Integration districts (Minn. R. 3535.0170).

Copy and paste the strategy section below for each additional strategy.

NOTE: If a strategy is intentionally developed to support multiple goals, list its unique name and number and provide the narrative description for that strategy under one goal. Include that strategy's unique number and name under the other goals it supports. You do not have to copy the narrative description for that strategy under multiple goals.

Strategy Name and # 1 Career and College Planning and Exploration

Type of Strategy: Career/college readiness and rigorous coursework for underserved students, including students enrolled in ALC.

Integrated Learning Environments (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose *Innovative and integrated pre-K through grade 12 learning environments* as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

- | | |
|--|---|
| <input type="checkbox"/> Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions. | <input type="checkbox"/> Increases cultural fluency, competency, and interaction. |
| <input type="checkbox"/> Provides school enrollment choices. | <input type="checkbox"/> Increases graduation rates. |
| | <input type="checkbox"/> Increases access to effective and diverse teachers. |

Narrative description of this strategy. Based on your description below someone reading your plan should understand what you are proposing to do, why you are doing it, and be able to recognize it if they see it. For example, explain what this activity will look like, what will be taught, which students will participate, how students are selected, intended outcomes for students, what will be assessed, how instruction will be delivered, and where will this take place.

It is essential for districts to have a solid plan in place for assisting students in being ready for post-secondary education and career pathways. As indicated in state statute (120B.125), by no later than ninth grade, students must have a comprehensive plan to assist them in exploring their educational, college, and career interests, aptitudes, and aspirations.

Ivanhoe is only directly serves pre-k-6.

Key Indicators

These indicators are the evidence you will use to document how well each strategy is being implemented and whether or not they are helping bring about the intended outcomes for students. Use these indicators to assess the effectiveness of your strategies and to adjust what you’re doing.

For strategies that provide school enrollment choices, such as magnet schools, and strategies that decrease racial and economic enrollment disparities, include at least one indicator that measures enrollment disaggregated by race/ethnicity and free or reduced-priced lunch (FRPL). Disaggregating your data may be relevant for other types of strategies such as those designed to increase access to effective and diverse teachers.

Narrative description of this strategy. Based on your description below someone reading your plan should understand what you are proposing to do, why you are doing it, and be able to recognize it if they see it. For example, explain what this activity will look like, what will be taught, which students will participate, how students are selected, intended outcomes for students, what will be assessed, how instruction will be delivered, and where will this take place.

Each year administration will ensure that students of ethnic diversity, English Learners, and Free and Reduced Price Lunch Students, will have equitable access to highly qualified teachers. Using data and teacher referrals, classrooms will be balanced in the most equitable way possible.

In the 2019- 2020 school year, our district had 10 percent of teachers who were in their first three years of teaching. All of our teachers hold the appropriate licensure and received a rating of proficient

or higher on the district’s teacher evaluation process. **Since we are a 1 section school, all students have all teachers equally.**

We are continually challenged by low applicant pools and limited diversity within the pool. This is due to our location in rural southwest Minnesota. We advertise for all teaching positions in the tri-state area, state colleges/universities, EdPost, social media, and local media.

Because of the low applicant pool, it is important to retain the teachers we have. Teachers have mentors and belong to PLC’s. Our district also is a Q Comp District and has established district-wide/school-wide goals and SMART goals. We also have had 50% turn-over in the elementary over the past 4 years.

Location of services: Each school and classroom.

Each School will have their own Achievement Goal (s)

Goal #3: The Achievement Gap between FRP and Non-FRP students in reading will decrease by 2.0% in each of the next three years by increasing the proficiency of the FRP students in reading by 4.0% each year while maintaining or increasing the proficiency of non-FRP students as measured by the MCAs.

Aligns with WBWF area: All subgroups of students perform at high levels

Goal type: Achievement Disparity

Type of Strategy #1: Success Coach to target FRP student achievement

All YMIC initiatives planned for 2020-2023 are a continuation of past successful integration practices or new programming. The YMIC will work collaboratively to promote Career & College Readiness strategies that we can share and promote in our individual districts as well as our region. The Integration Coordinator will continue to plan activities and events for all seven YMIC member districts. We will continue to work together to create more collaborative opportunities and find new and creative ways to provide services that will benefit our students. More work continues to be done on the Career Technical Education as well as the STEM education. We will continue to partner with the Private Industry Council, MN West Technical College and South West Minnesota State University, the National Guard, and DEED.
